Opening Doors to New Conservation

From the President...

Welcome to the 23rd SECDEA Annual Meeting!

Serving as the SECDEA President in 2022 has been a joy and a blessing. I was able to represent our wonderful region at the NACD meeting in Orlando, FL in February 2022; met with our phenomenal SECDEA board in April 2022 in Lake Guntersville, AL for our mid-year meeting where we began preparing for this meeting!

In June, I made a quick trip to Florence, AL to give an update at the ACDEA meeting; July had me traveling to San Juan, Puerto Rico for the SENACD Annual Meeting; and in September, myself, and Kelly Snoddy (SECDEA VP) attended the NCDEA mid-year meeting in Las Vegas, NV. Representing the South East at all of these meetings and events has been my honor and I hope I have served you well!

The SECDEA board has been working diligently in preparation for this conference. We are so happy to welcome you here finally, and to share with you the wonderful presentations and speakers that have been planned. We feel confident that you will learn new skills, meet new people, and take home new ideas to transform into your own unique programs to benefit conservation in your local community! We have an unbelievable number of attendees with us this year, so thank you all for coming! If we haven't met before, I truly hope we get the chance to introduce ourselves this week. If we are old friends... I hope we can find each other to say Hello and give each other hugs!

I feel so privileged to be trusted to serve as your president, and I hope that I can meet, or better yet, exceed your expectations as I serve in this position.

If you ever have any questions, concerns, requests, etc. please contact me at Kayleigh.evans@ky.nacdnet.net, Kayleigh.evans@hotmail.com, or call/text me at 859-298-5932.
